SUMMARY

Full Stack Developer with experience building full-stack web applications using React and Node.js. Strong understanding of backend systems including REST APIs, JWT authentication, and database design. Focused on writing clean code and improving system performance.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python

Frontend: React, HTML, CSS

Backend: Node.js, Express, Spring Boot

Databases: MySQL, MongoDB

Tools: Git, Linux

PROJECTS

E-Commerce Application (Full-Stack)

Tech: React.js, Node.js, Express.js, MySQL

- Designed and implemented REST APIs for product management, cart functionality, and order processing
- Implemented JWT-based authentication and role-based access control
- Developed server-side validation and optimized database queries for efficient cart operations
- Structured backend logic to handle end-to-end data flow between frontend and database

Event Management System (Full-Stack)

- Developed a multi-role platform supporting users, event organizers, venue owners, and admins
- Implemented role-based access control and secure API endpoints for booking and management
- Designed backend workflows for event creation, scheduling, and venue allocation
- Managed API integration and database interactions for seamless user experience

EXPERIENCE

Software Developer Intern | SpringUp Labs | May 2025 – Present

- Built and improved REST APIs using Node.js and Express for application features
- Implemented pagination to efficiently handle large datasets
- Worked on authentication and role-based access control for secure user management
- Debugged and improved backend and frontend features to enhance performance and stability

Web Developer Intern | SETTribe, Pune | December 2024 – February 2025

- Developed web application features using PHP, JavaScript, and MySQL.
- Implemented frontend and backend functionality for dynamic user interaction.
- Collaborated on database operations and backend logic for data handling

EDUCATION

Bachelor of Engineering in Computer Science | Savitribai Phule Pune University | JSPM Narhe Technical Campus, Pune
2019 – 2024
